Stand-Ins Take The Lights On The

Sets Before The Day's Work Begins

Stars. Extras. Technicians. Arrive And

The buses arrive with thunderous noise

And out pour the Studio's girls and boys.

In various makes and models of cars,
Come the producers, technicians,
and stars.

Assemble To Get The Day's Assignment

This is the place where they hear all the news, receive instructions, and get their cues.

Make Up... Get Up...

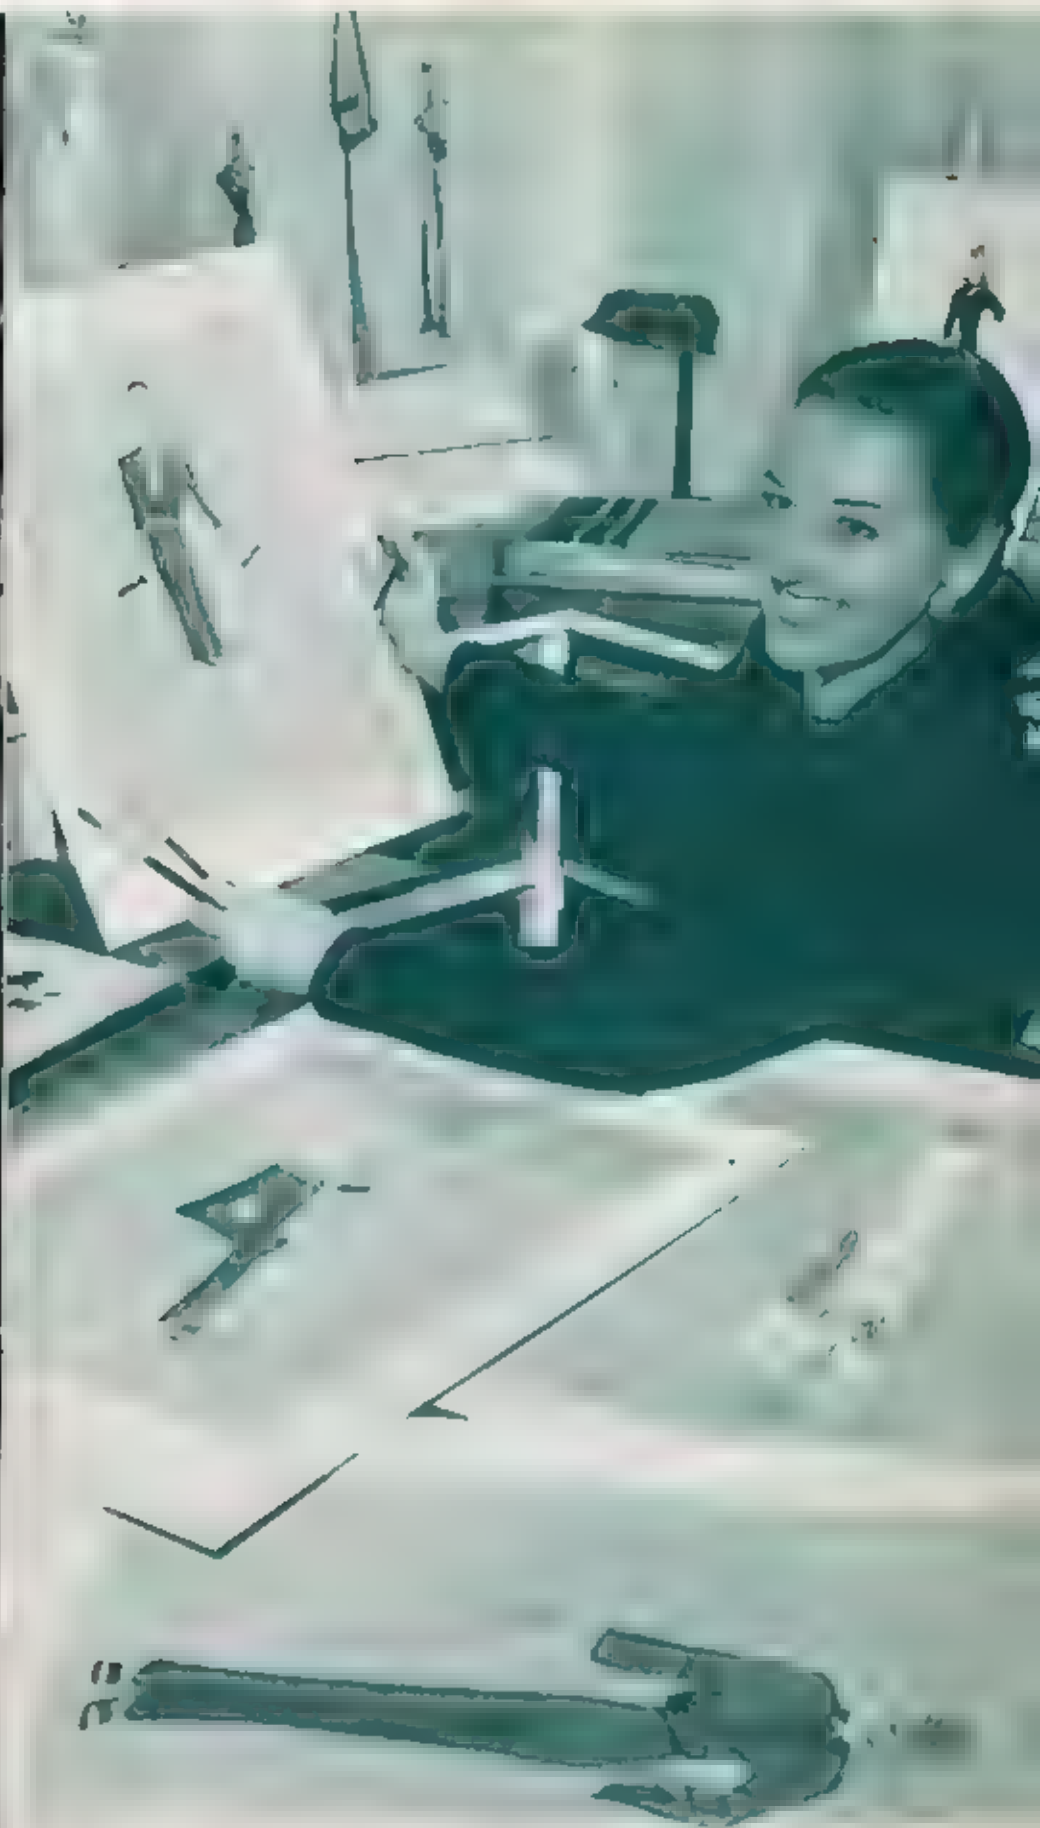

When a book's lost
The question is "Where?"
Look in a locker,
It's probably there.

These four girls
Are pretty enough
Even without a
Powder puff.

Costumes And Characters...

What she is doing, no one can say,
Maybe she's showing an easier way
To do all their work and still keep "in
the groove,"
The two who are watching seem to approve.

All go hand in hand to develop richer thinking, better diction, smoother performance. Reading awakens new thoughts; broadens immeasurably the range of man's knowledge and accomplishments. "Read today—star tomorrow shows that Francis Bacon was right when he said, 'Reading maketh a full man'."

Foreign Languages Take the Spotlight.

The Foreign Language Department offers the students a choice of Latin, French, Spanish, German. Latin, the mother tongue of our mother tongue, supplies a broad foundation on which to build the study of the modern languages. As world horizons narrow and foreigners become neighbors, the need grows for Americans to understand these people. Only through knowledge of each other's language, can people gain that understanding. Every high school student should study a foreign language. Latin, the classical language, opens the door to the idealism and vast knowledge of the past; French, Spanish, German, the modern languages, keep the door open for the realism of the present.

Miss B. M. Bolan, Latin.
Mrs. L. Fauch, French and Spanish
Mr. K. Herrie, German.

Their Proper Place, in Post War World

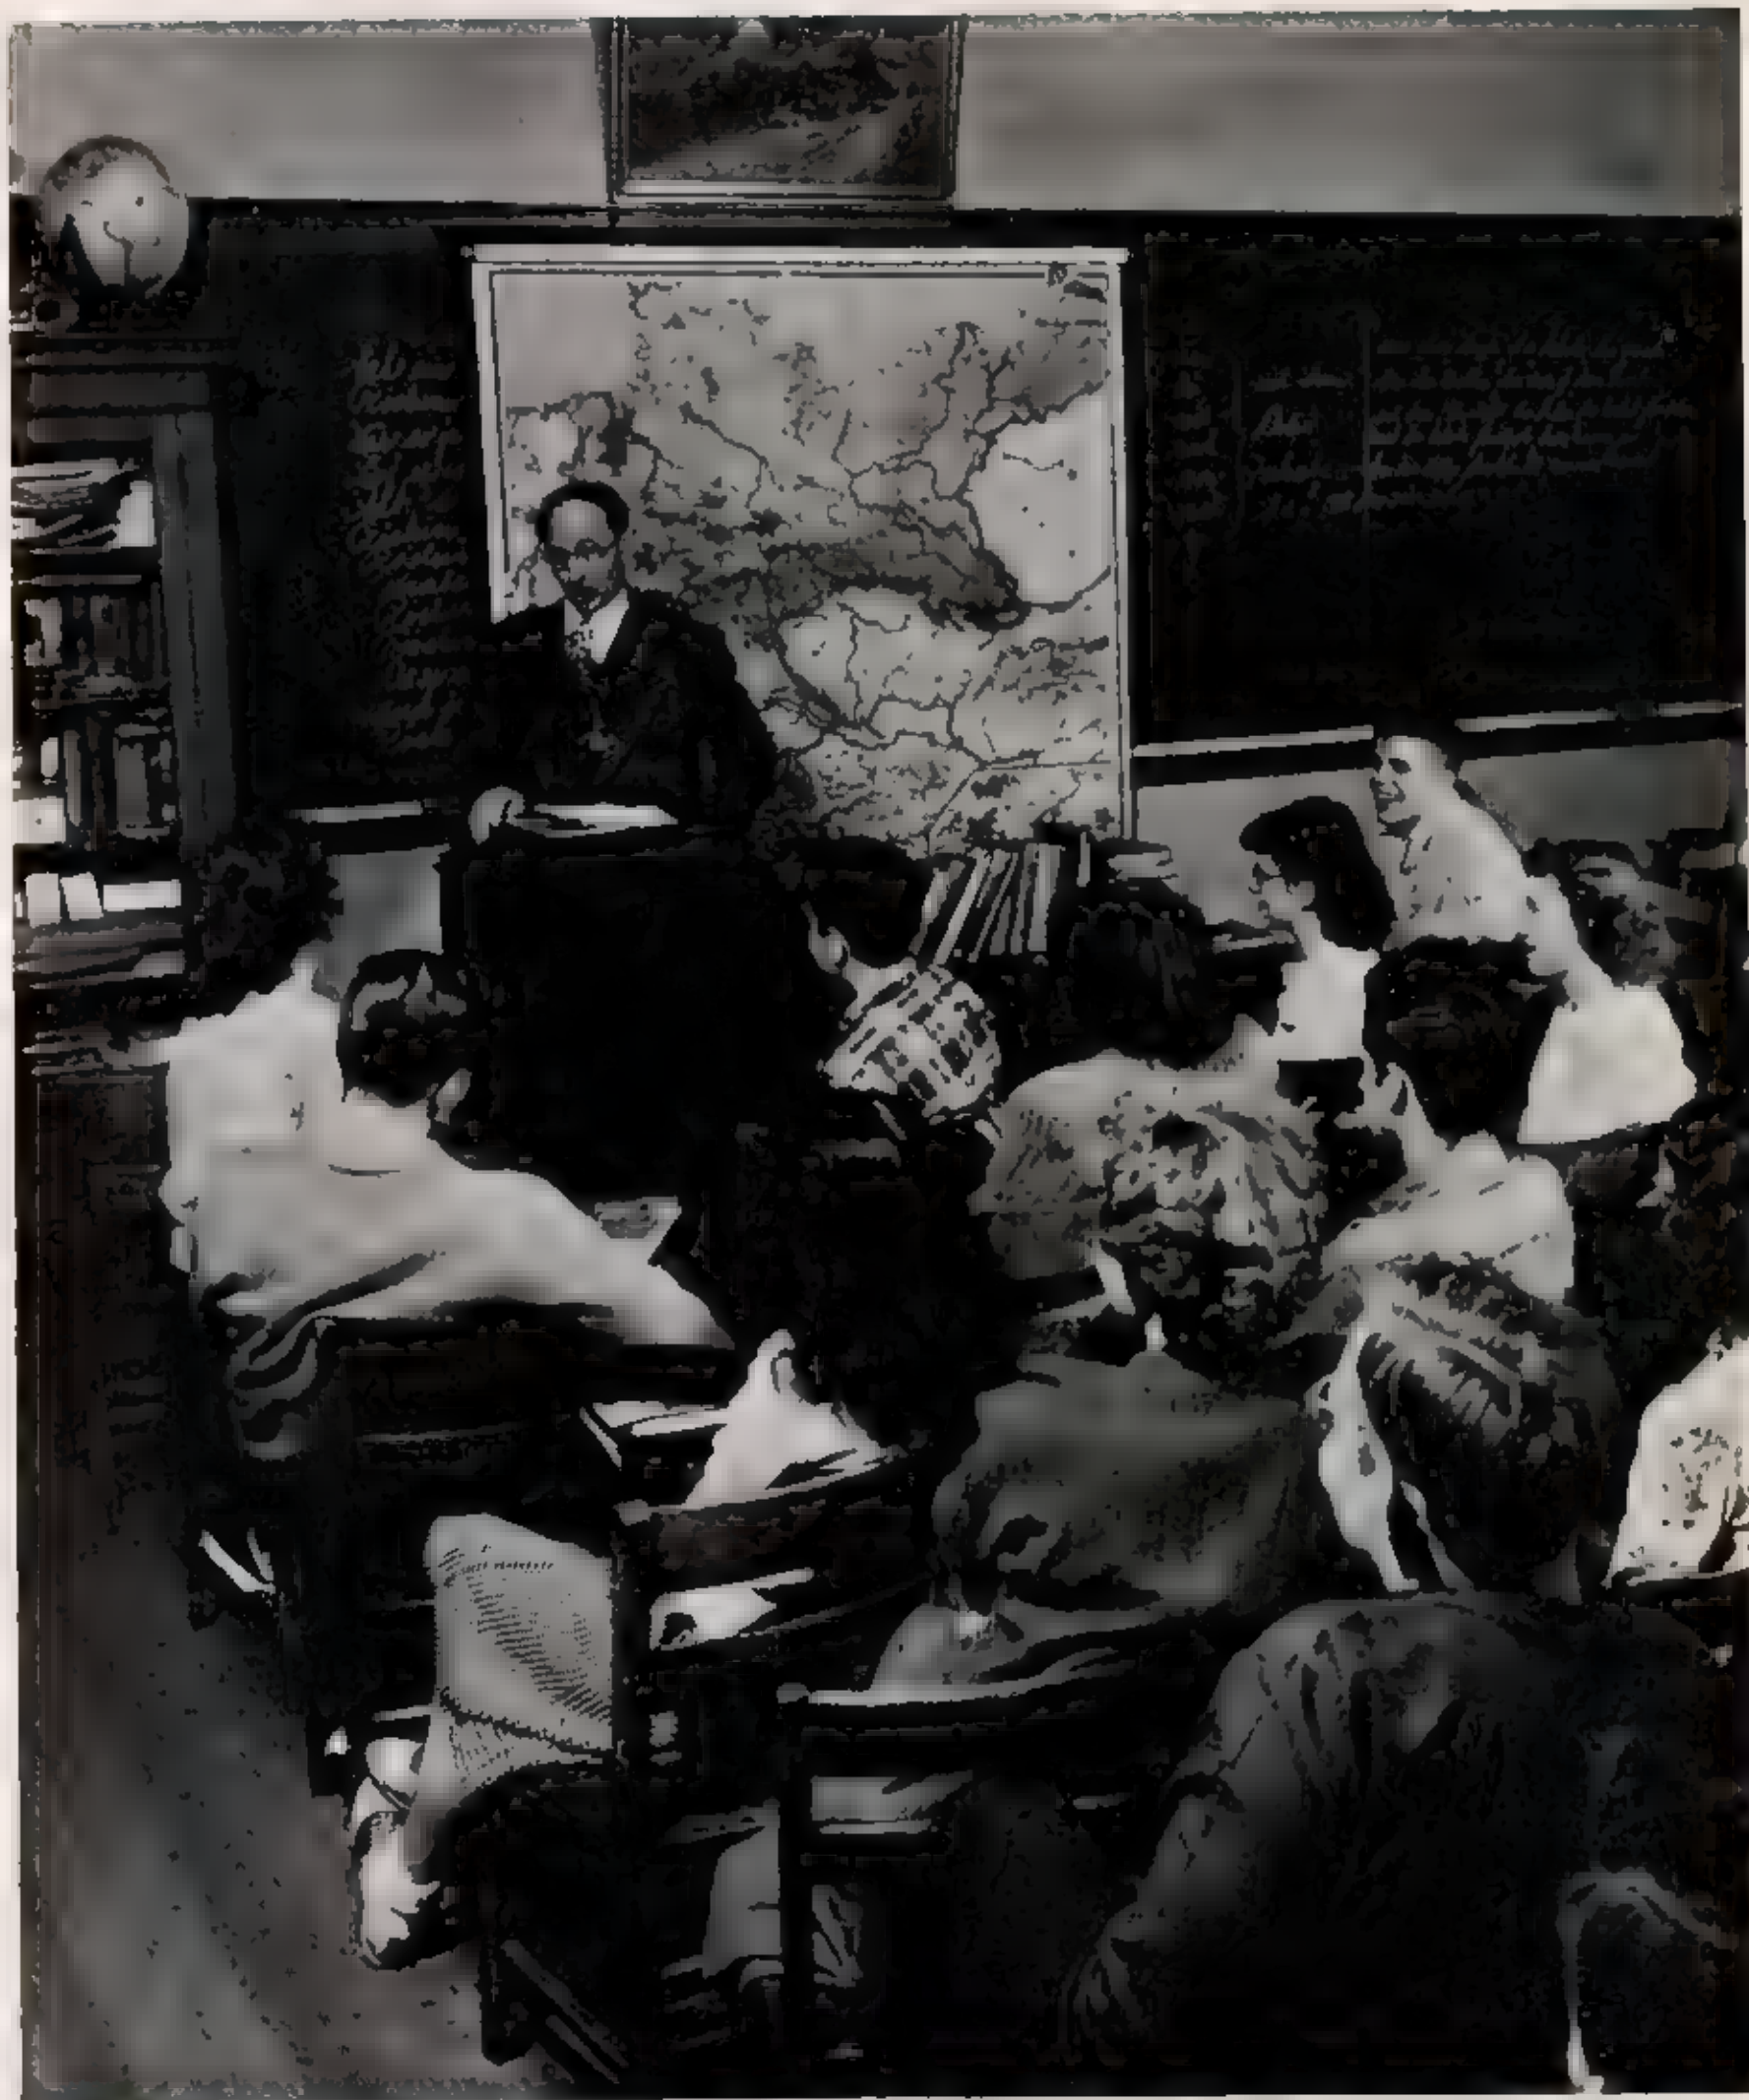

A group of Latin IV students go via the map with Aeneas on his great adventure—the founding of Rome.

Knowledge of Foreign Languages Inspires

Members of the French Class dream of visiting Paris as they follow the travels of M. Perichon.

Deeper Appreciation of Other Countries

All eyes focus as Mr. Herrle poses a humorous question to a student in his German Class.

Social Studies Recall Known Past. Depict

The Social Studies Department embraces a vast range of subjects from Ancient History to Current Events. Sociology keeps before the students the vital and all important faculty of getting along with their fellow-men. Sociology, combined with Economics, affords social and practical aspects of living.

Mathematics Makes Everyone Concentrate on

Physics and Chemistry in Forefront Today

Physics is one of the up-and-coming sciences. Each day people are becoming more aware of the importance of the physical sciences and enrollment keeps pace with the increased interest. In the Physics Classes, the students learn the fundamental laws of the forces around us—heat, light, sound and their application,

The engrossed pupils in Mr. Kopp's Physics Class are awaiting a charge—electric, that is.

Point the Way to Progress for Better Living

Future chemists, under the watchful eye of Mr. Dunkel, calculate the atomic weight of copper.

Chemistry, the running mate of Physics in pupil interest in the world today, furnishes adventure and excitement in the exploration of formulas and experiments. Through the study of matter, its properties and the changes it undergoes, the mysteries of the ion, the atom, and the molecule are revealed.

The Home Economics Department aims to create an awareness on the part of the pupil and her family of the values to be attained from a well-managed home and in order to receive maximum return in satisfaction from self-development and group harmony and happiness, for a minimum outlay of time, labor, and money.

Commercial Subjects Promote a High Degree

Alertness... Agility... Strength... Sportsmanship

The Girls' Physical Education Department requires a minimum of two hours a week of each girl's time. It sponsors the Senior G. A. A., the girls' organization corresponding to the boys' Maroon W. The G. A. A. has a junior branch for seventh, eighth, and ninth grade girls. Commissary With Its Culinary Craft

Expert in the dressing line, the head salad maker turns out many a dream (salad) for maroon and cream.

These two make more dough than most people realize, and everybody enjoys it.

The chief cook and her helpers make such delicious dishes that time alone prevents an overweight population.

Caters to the Hearty Hungry Hordes

Boys and girls enjoy good food during rush moments in the Students' lunchroom. Did the cutting room decapitate the figures on the mural in the picture below?

Miss Marian Gates, the first lady of the commissary. She anticipates and satisfies everybody's taste all along the line.

One of the biggest successes of the year was "Bandwagon," sponsored by the Band and Orchestra, under the direction of Mr. Brady and Miss Steinmetz. The band had snappy arrangements of both hit parade favorites. The show opened with the Pony Chorus in a cute routine to "I Want to be Happy." The precision, coordination, and the costumes really gave the production a good start.

of 1947 . . .

The star of the evening was Mary Frances Gigley in her melodramatic rendition of "The Great Big Saw Came Nearer." One of the most impressive numbers was the Swan Lake Ballet. The beautiful scenery, effective lighting and graceful dancing made the numbers highly effective. Ralph Reik captivated the audience with his extremely nimble steps, and the Trio shone brightly in "When You Wish Upon A Star," in the Star Sequence.

Lights, action, camera—music!

The baton descends and the orchestra begins the overture to life at Western Hills. Under the distinguished direction of Mr. Andrew J. Brady, the fifty instrumentalists begin the year with a study of some of the finest works in the classical and modern orchestral repertoire. This serves to prepare them for participation in the school production.

First, in Handel's "Messiah" the orchestra displays its talents both in solo work and in accompanying the chorus and soloists. The group's big chance, however, comes with the "Bandwagon of '47" when most of the members play in the presentation orchestra which forms the backbone of this production. Next, the orchestra is launched into rehearsals for the operetta, "My Maryland," when the orchestral forces are added to those of the vocal department for three magnificent performances.

Once again the baton descends and strings, brass, and woodwind voice the moving measures of Pomp and Circumstance at Commencement exercises, finale to life at Western Hills.

Its purpose is to create in every student an active school spirit and to support with enthusiasm all school projects and regulations. This year was only a year of preparation for Sigma Iota. Next year it will be in full time operation. The first project will be a Guide Book to be presented to the seventh graders during the first week of school, to acquaint them with life at Western Hills and to answer, first-hand, the many questions which are sure to be in the minds of the newcomers. This guide book will serve a long existing need at Western Hills. With only four lettermen returning, Coach Morgan was faced with the task of building a team equal to their tough schedule. For several weeks previous to the opening of school, daily practices were held under the watchful eye of the coach. Each succeeding practice brought noticeable improvement and it seemed that the team built around the returning lettermen was equal to their task, but the injury plague struck early to both coach and team. After a shaky start, the team with but one lapse steadily improved to tie for the Public High Crown and win the Price Hill championship by again beating Elder.

and Rose to Their Heights in the Finals

Our lack of offensive power also kept us from scoring and the game ended in a scoreless tie. At last our offense and defense clicked. Everything seemed to go right as our boys mowed down the Central Vocational Hornets 26-6. Our team showed remarkable coordination in its outstanding running and passing attack.

We did it again. Showing great power in the line the Maroons trounced the highly favored (and surprised) Withrow Tigers 13-0. Proclaimed one of the two best games of the season, our gridgers outfought them at every turn.

Walnut Hills 13, West Hi 0. Ouch! This game really hurt for a win would have meant the P. H. S. L. crown.

The Cross Country Team climaxed a successful season by winning the district and finishing tenth in the state meet. All of the runners except one are underclassmen, assuring many successful seasons to come. Cross Country is one of the lesser known and appreciated sports, but one where determination and "never say die" spirit are necessary. It also should be pointed out that the "harriers" have finished among the first ten in the state meet for the past three years.

As a result, the victories this year were few and far between, but the experience gained by the coming hoopsters will pay rich dividends in future years.

The Fortune of the Team Is Determined

Despite the unusually stiff competition and the fact that no outstanding stars returned from last years squad, Coach Nohr's mermen worked and trained diligently. They were rewarded by winning several dual meets, climaxed by a surprise win in the first city meet. This however, was not to last as the better teams organized themselves and were much stronger in the next two meets. Nevertheless, our team finished third in the P. M. S. L. and fifth in the district meet. As there are only four members of the team graduating, things also look rosy here.

Perfect Teamwork. A Victory Is Certain

In recent years, baseball has been a source of pride to the followers of athletics at Western Hills. The Maroons, under the tutelage of Coach Nohr have won the P. H. S. L. or district championship five out of the past six years. The fact that several major and minor league players claim West Hi as their alma mater, speaks for itself. Although they have a remarkable record to live up to, it is possible that this year's team will even surpass those of former years. The team led by Roland Klein at first base, has both power at plate and fielding prowess. The hurlers paced by Dick Hauck, who has already pitched a no-hitter this year, is strong and dependable. With this combination and an abundance of spirit and determination, they will be hard to beat. Again the decisions of old man weather have caused many postponements and the 22 game schedule was delayed. However, they have played seven games and won six of these.

Best Effort Is Appreciated by Team Mates

The number of returning lettermen indicates a good season for the harriers. Pat Groeniger, state half-mile champion last year, along with several others, was sorely missed. However, the spirits of the trackmen were not dampened and with the runners firmly believing in Coach McCartney's favorite slogan, "It's fun to run," several good distance as well as sprint men were developed. The returning lettermen in the hurdles and field events are expected to glean many valuable points. Due to the inclement weather, the season was late in getting started, and the team has had only two meets. The Maroons won both of these and we feel sure will give a good account of themselves in all the meets.

Before an important game the team can be seen having a pep session.

Clashing hockey sticks and cries of excitement are a sure sign that our popular sport, hockey, is again in full swing.

As the season progressed so did competition. On November 20th, a team of outstanding players, captained by manager, Carol Barnhardt, journeyed to U. C. to play their varsity squad. The game was played on a wet and muddy field, but the game was fast and the action high. The older girls proved too tough a match and our team lost, 3 to 1.

The season closed with the annual hockey supper at which time the class awards were made and the Honor Team was announced.

Swimming is one sport that the girls of Western Hills can enjoy the year around. Each season offers a different activity, such as Life Saving, Diving, or Water Polo.

The swimming meets play a big role in the swimming program and they create a great deal of excitement. In the interscholastic meet at Walnut Hills, the Western Hills mermaids not only were crowned City Champs, but also established a new city-wide record for the free style relay.

All who participate in the sport agree that swimming is an important part not only of the sport program but the health program as well.

The Life Saving Corps consists of girls selected from the eleventh and twelfth grades for their outstanding ability in the field of swimming and also for their leadership and integrity. The purpose of the corps is to help plan the years swimming program and aid Miss Witte, the swimming coach, and Joyce Obermann, manager, in the organization and instruction for the various swimming seasons.

Basketball is another sport that ranks high in popularity among the girls. Janet Oberlander, the efficient manager, was swamped with girls eager to be placed on teams, and enter the inter-class games. This year the basketball schedule was filled with many competitive matches, such as the round-robin tournament, exhibition games played before a packed gym, and then the Alumnae game.

The Alumnae fought a hard battle but finally surrendered to a spirited and skilled Honor Team. After two weeks of strenuous practice, the class teams played their series of games well seasoned with traditional rivalry. The Senior girls triumphed over all. This ended a thrilling and successful basketball season which will be long remembered.

The Modern Dance classes afford the Junior and Senior girls the opportunity to learn to express and interpret their impressions of music in beautiful, graceful, and original dance steps. These girls are under the direction of Misses Witte, and Steinmetz. In the past they have taken part in, and added a touch of variety to many school entertainments.

Each week Dot Nash, manager of Bowling, and Mrs. Helen Walter, coach, made a trip to the alleys near the school to supervise the tournaments being played off by the girls in the upper grades. The winning team from Cheviot and Westwood played the champion team from Price Hill. After displaying some really good bowling on both sides, the girls from Price Hill managed to win.

SEATED—B. Sampson, S. Martin, S. Ambrosius, M. Quinn, J. Schrader.

Fresh Air Fiends Find Fun

Lois Morr, the competent riding manager.

Horseback riding was resumed again this year for the first time in many years. Under the capable instruction of Miss C. Witte, several excellent riders were developed. Fundamental techniques of the sport were taught in the fall and a horse show displaying the skill of the advanced group and progress of the other riders was held in spring. Lois Morr, our enthusiastic manager, and accomplished horse-woman, aroused the spirit of the less experienced but eager to learn beginners.

At least once each month throughout the fall, winter, and spring the hikers had an outing. Jean Kamp, manager, could be seen leading her faithful group through the wooded trails of the nearby forests and parks and also over many an open unsheltered, country mile.

One of the highlights of the full season of hikes, picnics and outings was the breakfast hike.

At the end of the season, the most diligent, co-operative, all-around good hiker is given a special award at the Annual G. A. A. Banquet.

STANDING—J. Longstreet, D. Ungenbuehler, S. Probst, A. Moss, B. Dick, G. Ludeke, J. Hammer, H. Seibert, M. Hansen, J. Obermann, R. Mook.

KNEELING—A. Oppelt, C. Barnhardt, S. Murray, J. Oberlander, D. Franco, B. Snow, S. Heckman.

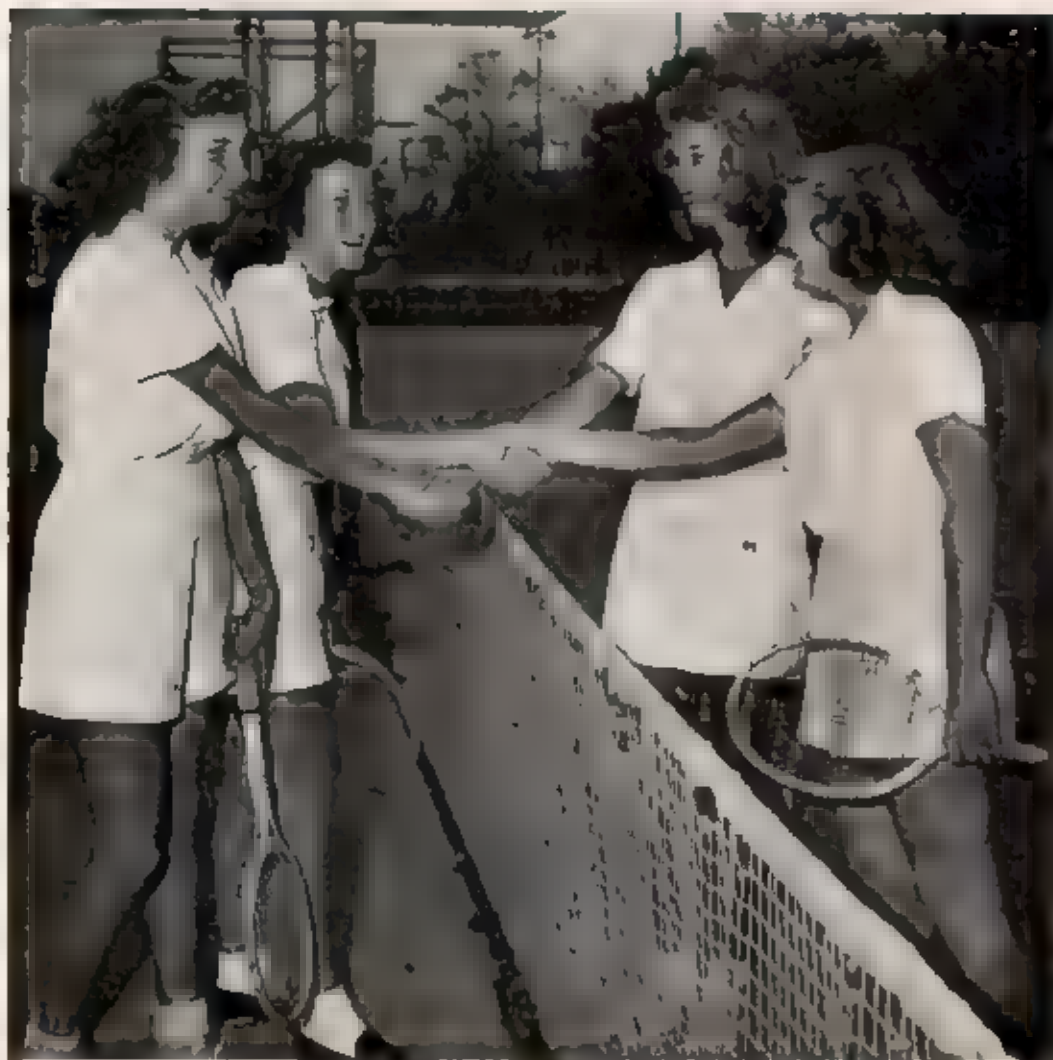

As the spring of the year came nearer, the girls anxiously awaited the arrival of the baseball season. A large group turned out and a tournament was scheduled among 24 teams of the ninth, tenth, eleventh and twelfth grades. Class teams for a special inter-class tournament, were chosen consisting of the best players of each grade.

Two teams made up of the outstanding players from all the grades were selected for the games to be played against other schools.

This year under the direction of Shirley Heckman, manager, and Miss C. Stienmetz, coach, a class was held on the rules and general umpiring technique of soft ball games. This group of girls officiated during the season.

Despite the thunder showers which occurred frequently this spring, the season was successfully completed. When the final outs were called, the winning teams were proclaimed, and the Honor Team announced.

The Net and Target Vie With Each Other

B. Dick, A. Oppelt, A. Moss, J. Oberlander.

Others may suffer from that age old sickness, spring fever, but not the girls interested in tennis. Lead by manager Anita Oppelt each night the girls filled the courts as they sharpened their strokes for coming encounters in the singles and doubles tournament.

Various girls chosen for their talents with the racquet played invitation games with other schools, and later in the season teamed up with the boys and conducted a mixed doubles tourney.

Because there was such a great number of girls who desired to make archery their individual sport, Evelyn Dearking, manager, was forced to limit participation this year, to the freshmen girls. At vigorous practices each week, some girls showed real aptitude and promise as archers. These talents were displayed at a tournament. The G. A. A. Banquet was the setting for the presentation of the awards to these winners.

S. Pennington, M. Gies, L. Klein, E. Dearking.

for the Favor of Fair Feminine Contenders.

R. Leonard, J. Hammer.

C. Kling, S. Seimer, D. Chaney.

The ping pong season this year was one of the most active since the sport's introduction at Western Hills. The girls had both singles and doubles tournaments. Towards the end of the season, manager Shirley Siemer arranged mixed doubles tournament with the boys, for Juniors and Seniors only. There proved to be a lot of tough competition and fast moving play to say nothing of fun, before the winning couple was proclaimed.

Through the cold, wintry months, Jackie Hammer was busy conducting the badminton tournament up in the girls' gym. Because it was so popular, this sport was also limited in the number of girls who could participate. A singles elimination tournament was held for those who were fortunate enough to be able to enter it.

Badminton is an individual sport and provides the opportunity to develop skill, coordination, and pride in individual accomplishment.
